

Star★Yeast®

What is StarYeast®?

StarYeast® is 100% pure! Pure *Saccharomyces cerevisiae* inactive dried yeast derived from sugar cane molasses fermentation obtained during the ethanol production process.

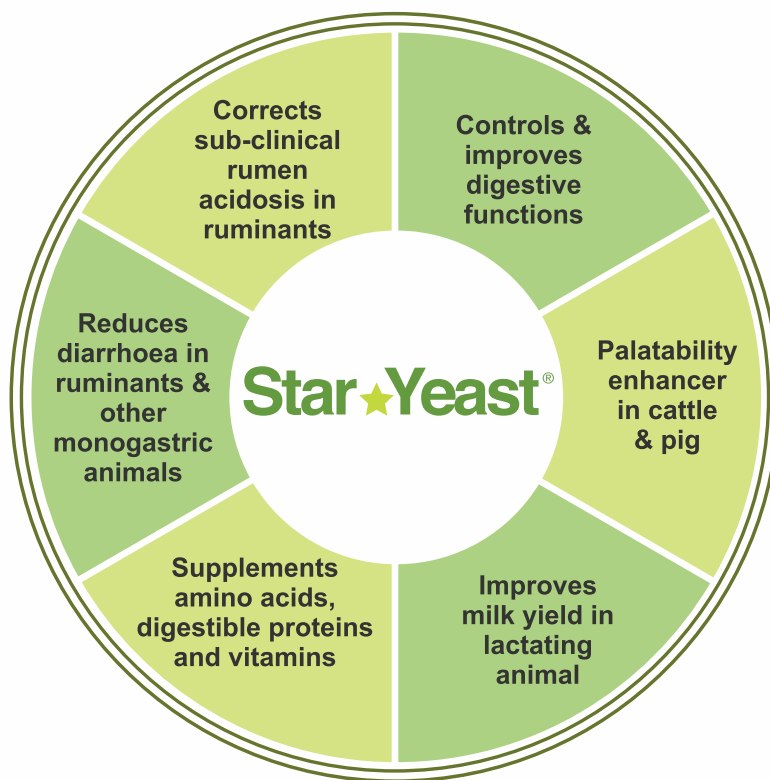

The search for pure and functional ingredients that generate real results is increasing, and StarYeast® stands out as one of the best spray dried yeast in the market. No matter the protein content, StarYeast® is always 100% pure, with no “carrier” to increase protein content. StarYeast® is guaranteed to offer at least 20 billion cells per gram of dried product.

Purity is Guaranteed:

Protein	40%, 37%, 35%
Nucleic Acid	5-6%
Glutamic acid	3.15%
Total Lysine	1.74%
Complex B Vitamins	Thiamine (B1) – 8.50 ppm
	Riboflavin (B2) – 28.44 ppm
	Niacin (B3) – 65.32 ppm
	Pantothenic Acid (B5) – 79.60 ppm
	Pyridoxine (B6) – 13.36 ppm
	Choline (B7) – 1,205.42 ppm
	Biotin (B8) – 2.12 ppm
	Folic Acid (B9) – 0.19
	Cobalamin (B12) – 0.003 ppm
Yeast Cell Count	20 billion cells/gram

*minimum amount guaranteed.

StarYeast® major benefits:

StarYeast® Solutions:

 <p>Shrimp High palatability, replaces fish meal, inclusion 1% to 3%.</p>	 <p>Sows High palatability, reduce constipation, increase feed intake on summer months, inclusion rate 1% to 3%.</p>
 <p>Piglets High palatability, reduces diarrhea, inclusion rate 1% to 5%.</p>	 <p>Horses High palatability, helps to mask off taste minerals, inclusion rate 1% to 5%.</p>
 <p>Cows High palatability, increases feed intake, inclusion rate 10~15 grams/head/day. or 1 to 1.5 kg/ton of feed</p>	 <p>Broilers Improves intestinal health, inclusion rate 0.05% to 0.1%. or 500 gm to 1 kg/ton of feed</p>

StarYeast®: Pure & Original
